

STRIKE IS REALLY CONSIDERED OVER

Miners Calmly Awaiting Orders to Resume Operations Next Week.

NEGOTIATIONS ARE ON

Generally Believed That All Differences Will be Satisfactorily Settled.

MITCHELL IS NOT SATISFIED

Scranton, Pa., Sept. 29.—[Special Telegram]—The excitement caused by the pending negotiations for a settlement of the strike has subsided this morning. The strike is really considered over and everybody calmly awaits the order to resume operations next week. Although President Mitchell says the concessions offered by the operators don't satisfy the union, it is generally believed that the differences will be satisfactorily settled, but no one seems to care in what manner.

The men are willing to let the operators delude themselves by the fiction of not recognizing the union.

No Statement Expected Today

New York, Sept. 29.—[Special Telegram]—Independent coal operators and others connected with the anthracite trade were in a brown study today regarding what action the presidents of the anthracite carrying roads are taking for a settlement of the strike. None in authority could be seen by the newspaper men but there seems to be no doubt that an agreement has been reached to settle the strike and that the announcement is being withheld until all the details have been arranged. No president would admit this morning that a statement was in sight and it is not thought probable one will be given out today.

EARLY SETTLEMENT LOOKED FOR.

Striking Coal Miners Are Certain to Get Acceptable Terms.

New York, Sept. 29.—Prominent financiers of this city who have in hands the negotiations for the settlement of the coal strike have reached a point where they are confident of success. They believe this will be a matter of a few days.

Meanwhile the entire coal trade has neglected the situation and its attitude. The rush to buy coal has come to a halt. Wholesale prices have fallen materially, and everyone is awaiting the authoritative announcement that the strike is ended. In the midst of the hopeful discussion of the case came a report that negotiations were off.

No Hitch Had Developed

A hitch had developed in dealing with more important independent operators, the rumor had it, and the plans of the peace-makers had fallen through. This story was authoritatively denied by one familiar in all respects with the situation.

"Negotiations are not off," said Mr. Morgan. "Things are proceeding satisfactorily. We should not be surprised that next week the whole labor trouble will be over. Its ending will no doubt be indicated simply by the quiet order to work the mines, one colliery after another starting up without blare or trumpet, and the news of the settlement being made public simply by reports from the coal fields that this or that colliery has resumed work."

Fear a Hitch May Occur.

"We do not want to take the public entirely into our confidence at present lest a hitch should occur to spoil all our plans. We have no desire to recognize Mr. Mitchell in any way. But we do feel that the miners are entitled to a 10 per cent advance. They might have got that when they first expressed dissatisfaction with present conditions if it had not been that many of the directors of the railroads concerned were out of the city and not easily got together."

This statement, which frankly expressed the local situation, was not supplemented by any from the presidents of the coal carrying railroads, the negotiations causing them to adopt a policy of reticence.

TORONTO JIM IS CAPTURED AGAIN

Postal Inspector Bird Thinks He Has the Desperado Behind the Bars at Milwaukee.

Milwaukee, Sept. 29.—Charles Hughes, one of the three men arrested at Portage yesterday on a charge of attempting to rob passengers on a North-Western train last Friday, has been identified by Postal Inspector Bird as Toronto Jim. Inspector Bird said this morning that he was positive that Hughes is the much-sought-for individual with whom he is

well acquainted and he left for Portage on the 11 o'clock train to endeavor to have him surrendered to the United States authorities if the state authorities will permit.

Inspector Bird picked a picture of Hughes out of a large number in the office of Inspector Riemer, identifying him immediately as Toronto Jim, for whom the United States postal authorities have been searching throughout the country for the past four months, ever since his sensational escape from the commissioner's office in Janesville. The capture of Toronto Jim means a snug sum of money for the Portage officers who made the arrest, as the government has placed a price on his head.

If Toronto Jim is surrendered to the United States officers he will be brought to Milwaukee and tried in connection with Lefty Fitzgerald and Old Dad Flynn, two of his old pals, and who were with him in the escape from the Janesville courtroom. Flynn and Fitzgerald are now quartered in the county jail on a charge of robbing the Berlin postoffice. The two men were concerned in the recent attempt to break jail, which might have been successful but for the tip that the United States authorities gave to Sheriff Durner and his force.

BACK FROM CAPE NOME

Many Disappointed Argonauts—The Losses by Storm a Million—Only Three Drowned.

Seattle, Wash., Sept. 29.—The steamship Tacoma arrived today from Nome, which port she left on Sept. 17. She had 525 passengers and about \$800,000 in gold dust, most of it from the Pioneer Mining company operating the Anvil Creek mines. The property loss caused by the storm at Nome will be over \$1,000,000. Only three persons were drowned off the Nome beach, but the loss of life up and down the coast must have been very heavy. The condition of many of the storm sufferers is pitiable.

YERKES CONTROLS LONDON RAILWAY

He Is Elected Chairman of the New Charing Cross, Euston and Hampstead Underground Road.

London, Sept. 29.—Charles T. Yerkes of Chicago and New York was yesterday elected chairman of the new board of directors of the Charing Cross, Euston and Hampstead Underground Railroad. The formalities were completed in London in a few minutes.

Mr. Yerkes handed a check for 100,000 pounds to the old company, representing 40,000 pounds for the charter and 60,000 pounds, which is the amount the old company had deposited with the authorities as a guaranty for carrying out the work.

A. A. Hausmann was elected treasurer and H. C. Davis, secretary of the board of directors.

Smith former manager of the Chicago Elevator company, accused of allowing grain to be taken out without cancellation receipts reported this morning that they could not agree. They were sent back with instructions to come into court at 11:30 tonight. It is believed that they stand eleven for acquittal.

HAD A HORSE STOLEN FROM HIS STABLE

Thieves Operating in the Northern Part of the County—\$25 Reward Is Offered at Evansville.

Evansville, Sept. 29.—[Special Telegram]—Sylvester Purinton who lives one mile east of the city had a horse stolen from his stable Thursday night. He notified Chief of Police Broughton who immediately instituted a search. No clue was left behind. Mr. Chas. Davis who lives one half mile south of Cooksville said he heard some one pass his place between 1 and 2 o'clock in the morning on horse back. The supposition is that the robber rode the horse as a riding bridle and saddle are also missing.

At 11 o'clock yesterday the Chief of Police of Edgerton telephone here stating that a stranger had just got off the east bound passenger carrying a saddle. He was immediately furnished with a description of the saddle and told to pick him up and hold him should the saddle answer the description. At this hour no word had been received from him.

The horse stolen is described as follows: Black mare, 9 years; weight 1150 pounds, one white hind foot, white star on forehead, barb wire scar on left front foot. \$25 reward is offered for the recovery of the horse and capture of the thieves.

Chicago, Sept. 21.—[Special Telegram]—Michael Snyder and his wife Caroline, argued this morning about the future of their daughters, while the woman was ironing. Snyder picked up an iron and beat her brains out. He then committed suicide by cutting his throat with a razor.

ROOSEVELT LABORS UNDER HEAVY TASK

HE SHOWS SIGNS OF BREAKING DOWN UNDER THE STRAIN.

Has Traveled 8000 Miles and Made 150 Speeches—Kansas Invaded by the Vice Presidential Candidate Who is Warmly Greeted—Speaks in Many Places.

Hutchinson, Kas., Sept. 29.—Sixteen speeches in territory including half of the state of Kansas, going without his meals, and breaking off in the middle of them to do his work, every word a rasp on the overtaxed and strained vocal chords, and a day of fifteen hours. That is the story of Governor Theodore Roosevelt's first day in Kansas.

Made Over 150 Speeches

Since Mr. Roosevelt started on this tour he has traveled 8,000 miles and made almost 150 speeches. His hours have been necessarily irregular, his rest has been snatched at intervals between the jostling of local committees, shaking the hands of multitudes, and speaking. Nowhere have state committees adhered to the schedules agreed upon. It has always occurred to some local political light that the country could not be saved without the aid of his precinct. So his town has been added to the list, the able gentlemen arguing that an extra minute or two of speaking would not make the slightest difference to the Governor.

Roosevelt Shows Fatigue.

Governor Roosevelt is willing—too willing in fact—and today he showed signs of breaking down. It is a case of a good horse being driven to death. He did object at Pueblo when Dave Mulvane showed him the Kansas itinerary, thirty-two speeches in two days. Mulvane appeared to consider the governor's protest a good joke and laughed about it.

There were no plots to mob the governor hatched in Kansas, as in Colorado. The governor said they were not that sort of people. "There are as intelligent and respectful as any people I ever addressed," he said.

"Kansas is in the right place," he said in addressing a large crowd at Belleville, "She is back where she belongs."

During the day he spoke at Jennings, Norton, Prairie View, Phillipsburg, Smith Center, Mankato, Belleville, Clyde, Clay Center, Manhattan, Junction City, Abilene, Salina, Lindsborg, McPherson and at night at Hutchinson. No speech was shorter than ten minutes, four were twenty minutes each and one was thirty minutes in length.

Bright New Dinner Falls.

Several men at Smith Center carried bright new full dinner pails which they waved as the governor's train departed. Belleville, once a strong populist city gave the governor a crowd of at least 3,000. Some of the people had driven miles to hear him speak.

At Clay Center a band of 300 horsemen from all over Clay county met the governor's train. A platform had been erected near the depot and around it 2,000 people stood. The governor made a short speech.

SOLOMON CITY DESTROYED.

Gale Wrecks a Northwest Town—Sad Message from the Sea.

Seattle, Wash., Sept. 29.—News has been received here that Solomon City, at the mouth of Solomon river, was devastated by the recent storm on the coast of Alaska. All buildings were either swept away by the waves or were wrecked by the wind. The town had a population of 200, all of whom are destitute and homeless. A message from the sea was picked up on the beach by a soldier on Sept. 17, near the military reservation. The bottle was tightly corked and a message was written on a common Japanese napkin and read as follows:

"Off Port Safety, 11, 1900.—Who finds this please report to authorities eight of us left Port Clarence three days ago and are now sinking fast with no hope."

"Jack Delaney," "G. L. Myers," "Sam Mark (or Mack)," "John Dolan," "George Thomas," "A. M. Dean."

The message was turned over to Capt. Jarvis.

DREYFUS AGITATION GROWS.

Nationalists and Royalists Attack the French Government.

Paris, Sept. 29.—The letter said to have been written by Capt. Dreyfus to M. Trarieux, former minister of justice, in which he announces his intention of still seeking a legal revision of his trial, has been seized on by the nationalists and royalist newspapers as a means of annoying the government. They violently accuse the present government of encouraging the Dreyfus agitation. The Presse says that this letter proves that the Dreyfusards are "still agitating and persist in keeping alive the hatreds and discords of recent years." Thus far the controversy has been entirely one sided. The anti-ministerialists are all alone in the battlefield. With every possible taunt they urge the republicans to take up arms and renew the fight that hitherto has issued in success for the nationalists alone.

FAVOR EXPANSION BOLT BRYAN PARTY

WELL KNOWN MILWAUKEE DEMOCRATS FOR M'KINLEY.

John Johnston, Alfred James and Philipp C. Kamm, Lifelong Democrats, Will Vote and Work With the Republicans Hereafter—Bryan's Return Trip to the Badger State.

Milwaukee, Wis., Sept. 29.—John Johnston, well-known banker and at one time democratic leader, is now an out-and-out republican. He has finally deserted the democratic party in disgust, and henceforward will be identified with the republicans. He today accepted an invitation to preside at a meeting at which Speaker Henderson will be the principle orator.

Mr. Johnston said today that he was a staunch advocate of expansion, and that he is thoroughly convinced that the acquisition of foreign territory in the manner outlined by the present administration will redound to the business interests of the country.

Two More Desert Bryan.

Philip C. Kamm, one of the leading grain exporters of Milwaukee, also announced today that he would support President McKinley, although he has been a life-long democrat. He believes in the sound-money policy of the republican party, and in the theory of expansion. He is a prominent German-American.

Alfred Jones, president of the Northwestern National Fire Insurance company and well-known as a gold democrat, has consented to act as vice president of the republican meeting at Schiltz park Tuesday evening at which John Johnston will preside. Mr. Jones is but one of several prominent gold democrats who will give their support to the meeting. The announcement that he is openly advocating the election of Mr. McKinley will attract wide attention for he is a life-long democrat, and a man of high standing and great influence in the business world.

Bryan in Wisconsin Three Days.

Democratic authorities in Milwaukee today give it out that Mr. Bryan has definitely decided to come to Wisconsin, where he will spend three days—October 1, 2, and 3. His first address will be delivered at West Superior Monday, at about 10 o'clock in the morning. From there he will return to Minnesota, where he will remain until Tuesday afternoon, when his special train will be transferred at Winona to a delegation of Wisconsin democrats headed by Mr. Bohmrich, the gubernatorial candidate.

He will speak at La Crosse Tuesday night, leaving there Wednesday morning, making his first stop at Portage. From Portage the train will go to Columbus. Short speeches will be made at each of these places. From Columbus Mr. Bryan will go to Watertown, where there will be an address Wednesday afternoon. From there he will go to Waukesha, where he will speak Wednesday night.

GOT GOOD HAUL AT RICHLAND CENTER

Postoffice Entered by Burglars and Over \$1,000 in Money and Stamps Carried Away.

Richland Center, Wis., Sept. 29.—The postoffice in this city was robbed last night, and over \$1,000 in money and stamps taken. The burglars effected an entrance to the building through the rear door by cutting away a panel and turning a key in the lock.

The building contains a vault, protected by double doors, secured by combination locks. The vault is screened from view to those in front of the building by a partition extending across the room and half way to the ceiling. Operating in comparative safety, the burglars proceeded with their work in a manner that shows they are experts.

A hole was drilled in the vault door near the lock, a thread was cut in the hole, and a steel screw inserted. The latter was forced against the lock, breaking it to pieces, and releasing the fastenings of the door. The inner door was forced in the same manner.

The burglars took everything in sight, except stamped envelopes and postal cards. The county fair has brought a number of disreputable characters to the city, and it is presumed that the work was that of professionals, who took this time to rob.

Milwaukee, Wis., Sept. 29.—A remarkable accident occurred to an automobile cab here today. It was being steered up the hill on Prospect avenue at a speed of ten miles an hour, when suddenly it stopped, reared in the air, turned completely over on its back with the wheels buzzing.

The driver was thrown out and so badly hurt that he could not tell how it happened. The man in the barn said the operator suddenly reversed his machine and then set it back too far, and the cab reared like a balky horse because it had no passengers and was light in front, and fell over backwards from the same cause.

DRAWS BIG CROWDS IN NORTH DAKOTA

Bryan Pleased with His Trip So Far—Fargo Turns Out En Masse—In Duluth Sunday.

Fargo, N. D., Sept. 29.—[Special Telegram]—Ten thousand people cheered Bryan upon his arrival here this morning. It was the largest political demonstration in the history of the state. The candidate was escorted by the Island Park uniformed marching club to a temporary stand where Bryan spoke for one hour and fifteen minutes, appealing to the people to stand by American ideas and not to surrender to foreigners. He charged the republican party with imitating all things British, especially in the colonial policy.

Today's tour will end at Crookston, Minn., where Bryan speaks this evening. Thence the party will travel on the regular train to Duluth, spending Sunday there.

MOB SLAYS DEPUTY SHERIFF.

Attack on Louisiana Jail Resulted in an Officer Killed.

Houston, Texas, Sept. 29.—A special from Lake Charles, La., says that all day there were rumors of the probable lynching of Pierce Scott, a negro in jail there charged with an attack on Miss Oswald, aged 73, a sister of Mrs. Judge Gorman. About 9 o'clock a crowd gathered at the courthouse and demanded the keys to the jail. Judge Miller addressed the mob and urged them to disperse and promised to try the case in the morning. This promise had its effect and the mob left. At 11 o'clock, however, another advance was made and the crowd ran toward the jail with an iron battering ram fifteen feet long and three inches in diameter. D. S. A. Harmon and Paul Sloan, deputy sheriffs inside the jail, warned them and then shot over the heads of the crowd. Some one fired at the deputies. Paul Sloan was shot and fatally wounded. He died at 1:15 o'clock a. m. The sheriff and deputies outside the jail dispersed the crowd at the points of their pistols, and members of the crowd began to call for the arrest of those who shot Sloan. Several men known to have been armed were arrested.

"An agreement on the Chinese program has been arranged between France, Germany and Russia. It will be submitted to the other powers within a few days. The action recommended will be milder than Germany's original proposition, and it is expected that all the powers will accept the program."

DINNER GIVEN TO MISS JENNIE BAKER

The dinner given last evening by Miss Helen C. Nash in honor of Miss Jennie Baker to the members of the R. Y. G. club and one or two invited guests was a well affair in every particular.

Dinner was served at 6:30 o'clock and was an elaborate affair consisting of eight courses. The table was beautifully decorated with roses and autumn and presented an exceedingly handsome appearance when surrounded by the young lady guests in evening attire. The dinner was in eight courses, was a culinary triumph and was exceedingly well served, the guests being two hours and a half at the table.

Those to whom Miss Nash extended invitations for dinner were:

Lima Stars Defeat a Milton Nine on Wednesday—Prof. A. E. Whitford to Join College Faculty.

THE GAZETTE AGENT
W. W. CLARKE, Manager,
Milton, Wis., Sept. 28, 1900.

The Lima Stars played an interesting game of ball here Wednesday afternoon with a Milton nine. At the close of the ninth inning the score was 3 to 3, but in the visitors made three runs and the Milton boys failed to score. Both batteries, Crandall and Green for Milton and Cashore and Nichol for Lima, did good work, Cashore fanning out some of our old timers in fine style. The visitors gave evidence of practice while the home team showed a lack of it, especially in batting and base running.

Prof. A. E. Whitford and wife returned to Chicago Wednesday. The Professor comes back at the opening of the winter term to take a position in the college faculty and give his father, Prof. Albert Whitford, an opportunity to enjoy a period of much needed rest from a life time of class work.

A Mother's True Friend

"I would like to express my gratitude for the benefit received from your wonderful medicine, 'Favorite Prescription.' I writes Mrs. H. C. Anderson, of South Britain, New Haven Co., Conn. (Box 33). 'During the first month of pregnancy I could not keep anything on my stomach. Was so sick that I had to go to bed and stay for weeks. I tried different doctors, but with little benefit. I read about many being helped by using your medicine so I began to take your 'Favorite Prescription' in November and I had a nice little baby girl in February following. My baby weighed over eight pounds. I was only in hard labor about one hour and got along nicely during confinement. I was up and dressed on the eighth day. I never had the doctor with me at all. My friends thought that I was sick a very short time. I think Dr. Pierce's Favorite Prescription is indeed a mother's true friend, for it helped me wonderfully.'

A house-to-house inspection is made by the surgeons and thousands of gallons of carbolic acid and tons of chloride of lime have been used.

FREIGHT RATES AN ISSUE

In the Settlement of the Great Strike.

MINERS SURE OF VICTORY.

Workers Await Tidings from New York That Their Principal Demands Have Been Granted—Mitchell Calls the Concession a Victory.

Wilkesbarre, Pa., Sept. 29.—Unless concessions in freight rates are made by the railroads no general agreement of operators as to a settlement of the mining strike is likely. The independents oppose the 10 per cent increase until concessions are made by their rivals, the coal-carrying railroads, which will put them on an equality. This is the situation, as well as can be judged from statements of men who attended the secret meetings of operators in this city today. That the sentiment is in favor of granting the workers the increase in pay and a reduction in the price of powder is certain, and the belief is a compromise will be effected within a day or two.

Hazleton, Pa., Sept. 29.—The miners and leaders are eagerly awaiting tidings from the coal operators and railroad men in New York. Said a labor man:

"There is no doubt the offer of a 10 per cent advance was but a feeler to test the loyalty of the men to the union cause. When they see the miners want more concessions they will grant more."

Few if any more are at work in the anthracite region than yesterday, and the strike leaders declare that the trouble is far from ended. With rumors of more meetings in New York and more concessions by the operators, the men show no inclination to return to the mines. The officers of the United Mine Workers are confident that all the material demands of their followers will be granted. Therefore they are making every effort to keep the men out.

MINERS SURE OF VICTORY.

Leaders Go to New York to Arbitrate—One Point Settled.

New York, Sept. 29.—All independent coal operators were today summoned to New York by telegraph to meet in conference with the coal road operators at the office of J. Pierpont Morgan.

They met this evening, and it is believed that an agreement has been reached. The miners get an advance of ten per cent and the additional promise that all future differences will be met by arbitration.

Denial by Mitchell.

Hazleton, Pa., Sept. 29.—President Mitchell at noon today emphatically denied that the strike is ended. He has not been officially notified by anybody representing the operators of the reported offer of 10 per cent increase in wages, and he says he is not in negotiation with anyone.

There is no doubt that Mr. Mitchell has unofficial knowledge of efforts on the part of the coal-carrying companies and other interests to end the strike, but on this subject he will not say a word.

Everything is very quiet here up to noon, and the apparent excitement all over the country regarding the settlement of the strike is not reflected here.

Mr. Mitchell held two rather long conversations over the long-distance telephone today. He declined, as usual, to say whom he was talking to. When asked if a 10 per cent increase would be satisfactory, he declared that it would not. Mr. Mitchell held no conference at his headquarters here with anyone during the forenoon.

STRIKERS MARCH TO HAZLEBROOK.

Win New Recruits to Their Rank—Colliery Is Idle.

Hazleton, Pa., Sept. 29.—There was a march of strikers from Freeland to Hazlebrook early this morning and as a result of the efforts of these men to get out miners working at the colliery of J. S. Wentz & Co. there the operation was practically shut down.

The marchers numbered about 100 and they left Freeland at 3 a. m. They reached Hazlebrook, five miles distant, before daylight. Here the strikers distributed themselves through the town and called at the homes of all men who had not yet struck. There was a slight flurry of apprehension in Hazlebrook when the people learned that a crowd of Freeland strikers had arrived, but as the marchers showed no disposition to become unruly the excitement soon subsided.

Sheriff Harvey, with a small number of deputies, arrived on the scene at 6 o'clock, but did not interfere with the marchers. He asked them good naturedly what they were doing at Hazlebrook and some of them replied that they were "only standing around."

COPYRIGHT 1900 BY THE PROCTOR & GAMBLE CO., CINCINNATI

A CASE OF EXTRAVAGANCE.

YOU never cut off three-quarters of a new cake of soap and throw it away! Yet you pay twice the price of Ivory Soap for a cake of "tinted" toilet soap less than half as large. Your little cake of toilet soap costs you four times the price of Ivory, for it lasts only half as long and costs twice as much. No money can buy purer or better soap than Ivory. If it came in dainty paper, all scented and colored, you would pay fifteen cents for a very small cake of it.

Then the sheriff spied a squad of strikers going up a hill and when he inquired regarding their destination he was told they were "only going to play a game of baseball." Only a mere handful of Hazlebrook men left their homes for the mines. After the colliery whistle had blown at 7 o'clock and the result of their effort was apparent the Freeland men left for home. All is quiet and orderly elsewhere in the Hazleton region. General Superintendent Smith of the Markle mines said in response to an inquiry that the collieries are working this morning, but he would not say in what condition.

Basin of Settlement.
Scranton, Pa., Sept. 29.—General

Superintendent Loomis of Delaware, Lackawanna and Western's mining department is in conference with the individual coal operators' association here. As chairman of the superintendents' association, embracing the mining heads of all the big coal-carrying roads, he has been delegated to bring before the individual operators the basis upon which the strike of the coal miners may be settled. Before going to this meeting he admitted that it was proposed to give a 10 per cent increase on all the wage demands of the miners.

MR. BRYAN'S WARNING.

"If there is anyone who believes that the gold standard is a good thing, or that it must be maintained; I warn him not to cast his vote for me because I promise him it will not be maintained in this country longer than I am able to get rid of it."—Hon. William Jennings Bryan, Knoxville, Tenn., Sept. 16, 1896.

THE BUSINESS ASPECT.

The platforms of the two great political parties might be boiled down to these essential elements. Republican platform—four years more of McKinley's administration. Democratic platform—turn everything topsy-turvy.

This epitome fairly fits the case, as a close examination will demonstrate. So far as the democratic side is concerned, it may be called a perfect fit.

From beginning to end of the democratic platform there is a bristling demand for change. Here are examples: "We declare" against imperialism; "we demand" fulfillment of Cuban pledge; "we denounce" the Porto Rico law; "we condemn" the Philippine policy; "we are opposed" to territorial expansion; "we condemn" the Dingley Tariff; "we are opposed" to government by injunction; "we denounce" the failure of the republican party; the lavish appropriations of congress, etc. And in this lugubrious tone the platform continues from the first to the last line.

Now mark the contrast, as observed in the tenor of the republican platform. Every reader knows that the balance sheet of a nation, like that of a firm or individual, indicates the business condition. On the 4th of last March the United States has been doing business three years under the management of William McKinley. The result of our imports and exports is shown in the republican platform.

During the period of 107 years prior to the beginning of McKinley's administration the excess of exports over imports was \$388,028,497. For the three years of McKinley's term the export excess was \$1,438,537,094. That is to say, the nation's balance, on the right side of the foreign ledger, was nearly four times greater in the three years of McKinley's adminis-

tration than in the whole previous period of the nation's history.

How can intelligent Americans patiently listen to a party asking them to cast away such tangible results and instead begin a series of experiments along the whole line of government? Who does not know that the prosperity of a nation is merely an aggregation of the prosperity of its people? And who can not fail to see that the stoppage of present conditions, and the inauguration of the topsy-turvy plan demanded by the democratic platform would be an act bordering very closely on business suicide.—Los Angeles, (Cal.) Herald.

OUT OF THE BUREAU DRAWER.

Li Hung Chang will doubtless join Aguinaldo in hoping for the success of the democratic ticket.

Sixto Lopez has written an open attack on Governor Roosevelt's speech. Possibly the other Tagal envoys will come over and take the stump for Mr. Bryan.

The Illinois Central's ten per cent raise of wages must be another phase of the conspiracy to keep up general prices in this country. Mr. Bryan ought to look into this.

Mr. Jones hasn't yet sold his stock in the American Cotton company; and if you ask us our candid opinion in the matter, we must say that he is not likely to do so.

Nobody was so unfair as to accuse Mr. Bryan of being an imperialist when he was engaged in working for the ratification of the Paris treaty. The worst that was said of him at that time by his democratic critics was that his jealousy of Mr. Gorman was leading him to destroy some campaign material. Mr. Gorman had the "anti-imperialism" cry in mind long before Mr. Bryan thought of it. In fact, Mr. Bryan acquired the idea in much the same manner he took up the late Mr. Bland's silver hobby.

Mr. Pettigrew complains that immense sums of money are being poured into South Dakota to defeat his re-election to the senate. This is the same Mr. Pettigrew who recently tried to discredit the word of Admiral Dewey by publishing a letter from one of his Filipino correspondents. The trouble with Pettigrew is that he has been home long enough to ascertain that the South Dakota people propose to have a representative in the senate who will look after their interests and not devote his entire time to encouraging the enemies of his country.

Says He Was Robbed of \$10,000. Tucson, Ariz., Sept. 29.—An old man named Hiram George has reached here from Mexico, where he claims he was robbed of \$10,000 in Mexican money, and wandered on the desert for fourteen days. He says he was on his way to Galveston, where his wife and several children were lost in the flood. He was traveling from camp with Jim Murphy, his cook, who held him up and robbed him.

Murphy was afterward caught by the Mexican authorities and shot, and George says his money and mules are at Bachachua, Mexico.

Baby Tigers Are Disowned. Chicago, Sept. 29.—Disowned by their real mother, and repulsed by a canine foster-mother, two tiny cubs born to Kittle, the tigress at Lincoln park, found a human foster mother, who is more kind and will care for the little castoffs and feed them from a bottle filled with warm milk. Keeper McCurren was in a quandary, but decided to take the cubs to his home. Mrs. McCurren joyfully took charge of the babies, and they seem to be getting along finely.

JOHN G. WOOLLEY IS GIVEN A GREETING

PROHIBITION PRESIDENTIAL CANDIDATE SPEAKS HERE.

Crowd of Several Hundred Listen to the Cold Water Orator at the Northwestern Depot This Afternoon—Makes a forcible speech—Several Others Also Talk.

The prohibition special train bearing John G. Woolley, the prohibition candidate for President of the United States and Henry Metcalf candidate for Vice President, accompanied by Samuel Dicker, editor of the New Voice and Volney Cushing the new man from Maine, also Oliver W. Stewart chairman of the national prohibition committee, arrived at the station at 1:30 o'clock this afternoon and was

JOHN G. WOOLLEY.

greeted by crowd of several hundred people that had gathered to hear the talented speaker and his associates who are making a tour of the country speaking on the issues of the day from a prohibition standpoint.

Train Arrived on Time. The special train arrived on time, and consisted of two private drawing room cars and a baggage car. The rear coach had an observation platform from which the speeches were made.

The first speaker was John G. Woolley, who was introduced to the assemblage by Samuel Dicker, one of the party on the car. Mr. Woolley explained the platform of the prohibition party, and then enlarged on the views of the party for about twenty minutes. Among other things that Mr. Woolley spoke of was the impossibility of a straight out prohibitionist to vote the republican or democratic ticket.

The prohibitionist would go to the polls and say to a republican boss: "I want to vote your ticket; I believe in your principles, but I want to vote against the liquor traffic."

The republican boss would tell him: "You are in the wrong place, you ought to go to church to vote." And it was the same with the democratic party.

Great Prohibition Question. Mr. Woolley believes that the great question of sound money, anti-expansion, and imperialism are dwarfed into insignificance when compared with the great question of prohibition. He also said that at one time he was a republican; he believed in the great principles of that party, but as long as the republican party endorsed the liquor traffic, he could not and would not vote the ticket.

He stated that it was often told him you cannot win. The party may not be able to win but John G. Woolley could say on the 6th day of November that as far as he was concerned he had won and was straight with Jesus Christ.

The prohibition party was small but it was gaining every day and that after election the returns would show them five hundred thousand strong and when a party was of that size it makes some difference with the politics of the country. The day would come when the prohibition party would be a power and would take a part in abolishing the liquor traffic of the country.

Volney B. Cushing Speaks. Mr. Woolley was followed by Volney B. Cushing of Maine. Mr. Cushing followed in the footsteps of Mr. Woolley. He laid great stress on the fact that the Wine and Liquor Circular, the organ of the liquor dealers of the country stated that they had nothing to gain by a democratic victory or a republican triumph. As far as the liquor traffic was concerned it made no difference to them which party won. It was the old story of "heads I win and tails you lose." He asked the audience to consider the question presented by the prohibition party and to vote the ticket at the coming election.

At this point the train pulled out for Fort Atkinson amid the cheers of the prohibitionists present.

Draws a Crowd at Madison. Madison, Wis. Sept. 29. [Special Telegram]—The prohibition special train with the presidential candidates arrived here this morning. Monday the campaign party starts on a tour of Indiana, Ohio, Kentucky and Tennessee.

GOVERNOR OF IOWA TO SPEAK OCT. 17

LESLIE M. SHAW WILL OPEN ROCK COUNTY CAMPAIGN.

He is Considered a First Class Orator and Will No Doubt Draw a Large Crowd.—Robert M. LaFollette Will Also Visit This City in the Near Future.

The republicans of Rock county are making arrangements to begin a rousing campaign at once. The leaders of the party realize that so far there has been but little enthusiasm in the campaign, and the time has arrived when things should commence to boil and the issues of the day be brought more forcibly to the notice of the people.

With this object in view the Rock county republican committee have been

LESLIE M. SHAW.

in communication with the leaders of the party and a number of first class campaign orators have been secured to talk on the platform adopted by the republican party.

Chairman T. S. Nolan of the Rock County Republican committee last night received word that Leslie M. Shaw, governor of the state of Iowa, one of the brightest political speakers in the country, would be in this city on the evening of October 17th and will address the public probably at the Myers Grand opera house.

Governor Shaw is a bright, pleasant speaker and thoroughly posted on the subjects he has to handle. This address will be of interest to every voter and it is hoped a rousing reception will be given Governor Shaw.

Next week Assistant Attorney General of Wisconsin Charles Buell, will make a campaign of the towns of Rock county outside of Janesville, and will endeavor to arouse the smoldering fires of patriotism. Mr. Buell is a pleasant speaker and it is well worth the time of any man in the county to attend his meetings and hear what he has to say on the live issues of the day.

Robert M. LaFollette, the republican nominee for governor of the state of Wisconsin, will visit the city in the near future and address the voters of this city and the surrounding country. The date of his coming has not yet been fixed, but it will be announced far enough ahead so that arrangements can be made to give Mr. LaFollette a rousing reception.

DELAY IS CAUSED BY A BROKEN RAIL

Big Freight Engine Leaves the Track in the Chicago & North-western Yards This Morning.

A broken rail in the C. & N. W. yards caused considerable delay and inconvenience to the passenger trains this morning.

As freight No. 76 was pulling into the yard the heavy engine climbed the rail at the switch and the front trucks ran along for some distance on the ties, one of the rails running from the track. The train on the next track was crowded to one side, by the wheels of the engine, and a piece about five feet long was broken out. Frogs were procured and after considerable delay the engine was worked back onto the track. The engine was going very slow at the time the wheels left the track, and was stopped before any damage was done.

Conductor Dennis Hawkins had a narrow escape from being seriously injured. He was standing on the back steps to the caboose when the engine left the track, and applied the air brake full force, and brought the train to a sudden stop.

The conductor was not expecting anything out of the way, but was thrown violently against one of the heavy posts that hold up the covering to the platform at the passenger depot opposite the place the caboose was standing. That he was not seriously injured is a miracle.

CHANGE MADE IN A CLOTHING FIRM

J. A. Cunningham Withdraws From Janesville Clothing Co.—Three New Men in the Concern.

Mr. Weber has for some time been engaged in the clothing business at Beloit and Mr. Francis has represented the local firm, while Mr. Stephenson has been connected in a similar capacity with

SOCIAL PARTY AT EAST SIDE O. F. HALL

Notable and Brilliant Social Event At West Side Odd Fellows Hall Last Night.

The first large private party and one of the handsomest that will be seen this season was given last evening at East Side Odd Fellows hall, by Mr. and Mrs. Howard F. Bliss and Mr. and Mrs. Harry H. Bliss.

The hall presented an appearance of light and gaiety in striking contrast with the weather which prevailed out of doors. Nearly four hundred invitations had been issued but on account of the weather and other circumstances about half the number availed themselves of opportunity of passing a delightful evening.

The guests were received by the hosts and hostesses in a corner artistically arranged with oriental hangings and rugs. The orchestra stand covered with a bank of trailing vines and potted ferns added much to the attractiveness of the hall.

The gowns of the ladies many of which had been made for the occasion, were strikingly handsome and made a pleasing spectacle to the eye, when grouped together in the mazes of the dance or when taken individually. It was a pretty party and nothing was overlooked which would add to the pleasure of the assembled guests.

The music for the occasion was furnished by the orchestra from the State School for the Blind and although they have been playing together but a short time they rendered exquisite music which was highly praised by the guests.

During the evening sherbet and wafers were served in the dance hall, while in the dining room below the small tables were constantly filled with guests who went thence to partake of ice cream and cake.

The tables were handsomely decorated with pink carnations and ferns. It was after midnight when the orchestra played Home, Sweet Home, and one of the most enjoyable parties ever given in the city was a thing of the past but one that will live in the memory of the guests for some time to come.

RICHARD VALENTINE and family have returned from an extended eastern trip.

COUNSELLOR BYRNE PUT OUT OF COURT

Judge Fifield Will Not Allow Him To Practice in the Municipal Court.

Counsellor William Byrne has trouble of his own. Practicing law in a court of record is not as easy as it seems. Judge Fifield ruled that only regularly admitted attorneys can practice in his court. This caused all the trouble when the case of Emil Sisson against Sylvester W. Gould was called in the municipal court this morning.

It seems that although Mr. Byrne gives legal advice to anyone that applies to him for it, he has never been admitted to practice in a court of record. When the case of Simon vs. Gould was called Counsellor Byrne announced that he appeared for Simon. Justice Jesse Earle who appeared for Gould, objected to Byrne's appearing in the court as an attorney of record and Judge Fifield sustained the objection.

Byrne made an argument showing why he should be allowed to practice in the municipal court but Judge Fifield could not see it in that light. The judge informed the plaintiff that he would hold the case open until he could secure an attorney, but the plaintiff thought that he would settle the matter and the judge dismissed the case.

The facts in the case were that Simon worked for Gould and had \$23 to his credit when Gould for a sufficient cause discharged him. Simons brought action for \$40 claiming \$23 due as wages, nine days of lost time and board for that period. He finally concluded to settle the matter and took \$15 for his claim. Jesse Earle appeared for the defendant.

ONLY BEATEN BY A FIFTEEN FOOT PUT

Albert Schaller Returns Home From Lake Forest—Played a Fine Game at Onwentsia.

Albert Schaller returned home last night from Lake Forest where he went to take part in amateur championship match of the Western Golf Association held over the links of the Onwentsia club.

In the first day's match play for the qualifying round he finished tenth man in the first sixteen making a score of 182 for the thirty-six holes. Yesterday in the first day's match play he was paired with William Waller, one of the best players of the Onwentsia club who had the advantage of playing on his own course.

In spite of this Mr. Schaller put up a magnificent game and at the end of the eighteen holes the match was a tie. They continued play, the nineteenth being halved and Waller winning the twentieth and the match by a fifteen foot put.

Although Mr. Schaller was defeated he has nothing to be ashamed of. He played a fine game and had for an opponent one of the best men on the Onwentsia team and a man that was thoroughly familiar with the course, which is a decided advantage over an outside player. The Sississippi club would have been pleased to see Mr. Schaller defeat Waller as they are confident that he would have improved after he had become familiar with the course. Although he did not win still it is quite an honor to be able to qualify in a match of this kind where nothing but the best players enter.

Read the following:

Mrs. S. L. Baden, of 64 S. River St. says: "During two or three years I suffered most of the time with a terrible dragging down pain in my back just over the kidneys. It was very trying when I was at work, and it did any lifting my bladder became affected, causing me considerable annoyance. I also had attacks of headache, which seemed like congestion in the top and back of my head. When I read about Doan's Kidney Pills I did not have any too much confidence in them, but my daughter got a box at the People's Drug Co's store and persuaded me to use them. They took right hold and made a wonderful change in my condition. I hardly realized how bad I was until Doan's Kidney Pills brought me relief from the afflictions."

To Form a Manitoba Cabinet.

Winnipeg, Man., Sept. 29.—R. P. Roblin, the new provincial premier, will select the following cabinet: Attorney-general, Colin H. Campbell; provincial treasurer and minister of agriculture, Mr. Davidson; minister of public works, Dr. McFadden; without portfolio, James Johnson or Robert Rodgers. Roblin's election as premier probably means death to the prohibition act passed to take effect next June. He is a strong opponent of this legislation, and the liquor interests worked hard for his selection.

Michigan Bank Is Robbed.

Centerville, Mich., Sept. 29.—Wolf Brothers bank was robbed last night of \$10,000. The thieves gained entrance to the building by prying and springing the double door apart with a large file. The outer door to the vault was blown open, and then the inner door to the cash drawer, where about \$10,000 was stored. The bank was insured in the Bankers' Mutual Casualty company of Des Moines, Ia., for \$10,000 against loss by burglary or fire.

"White Wings" Are Doomed.

New York, Sept. 29.—The "white wings" of New York are doomed. Percival E. Nagle, commissioner of street cleaning, will substitute for the immaculate helmets introduced by Col. Waring slouchy hats of brown felt.

This order will be issued because of protests from labor organizations, which have informed the commissioner that because the helmets are not made by union men they should be set aside as a part of the street cleaner's uniform.

FOR JOINT ACTION IN CHINA.

A Russian Officer and His Men Capture
Kilin and Establish Headquarters There
—Chinese Resist in Vain—New Massacre by Boxers.

London, Sept. 29.—Germany has receded from the radical position taken ten days ago, and has modified her proposals for dealing with the Chinese crisis. According to a Paris dispatch to the Morning Post the kaiser has modified his original views and has reached an understanding with France and Russia. The correspondent says:

"An agreement on the Chinese program has been arranged between France, Germany and Russia. It will be submitted to the other powers within a few days. The action recommended will be milder than Germany's original proposal, and it is expected that all the powers will accept the program."

Kaiser Is Willing.

The Times' Berlin correspondent inclines to the belief that Germany will draw no consequences from the annexation of Manchuria by Russia as long as the other powers do not do so. This view is also taken by the Hanover Courier.

RUSSIA'S WAR IN MANCHURIA.

Chinese Town of Kirin Captured and
the Troops Disarmed.

St. Petersburg, Sept. 29.—General Augustoff has sent the following dispatch to the war office:

"Rennkampf captured Kirin Sept. 24 and established his headquarters there. The Chinese troops were disarmed. The operations southward from Tsitsikar were over a difficult country, heavy with rains, and the roads were bad. The Chinese made several vain attempts at resistance. After the capture of the town of Bodune (or Petuna) General Orloff's troops were left there as a garrison. General Rennkampf marching on Kirin and General Fleischer's detachment on Mukden."

Peking, Sept. 29.—It is rumored that the Boxers have slaughtered thirteen innocent persons in the northern part of China.

ASSASSIN HAS A TRIAL.

Evidence Against Von Kotteler's Murderer—Sentence Unpronounced.

Peking, Sept. 29, via Taku, Sept. 29.—The Manchurian assassin of Baron von Kotteler was tried by court-martial yesterday. No new evidence was presented and the court decided that it would be unjustified in pronouncing sentence upon the prisoner, who, however, would be held in the hope that further information will be obtained. The Russian and German legations are still awaiting developments and the receipt of further instructions. Li Hung Chang is expected to arrive within a week.

Business is improving and the people are gaining confidence, but no progress is being made toward the return of the fugitive government, the event so greatly desired by every one. Gen. Fukushima has returned here after spending twelve days at Taku.

All the foreign ministers have addressed notes to Prince Ching suggesting the return to Peking of the emperor and the court. The notes were informal and not written in a diplomatic capacity. The writers do not consider them binding upon their respective governments. The diplomats acted jointly, but the letters were sent individually. These did not contain any assurances, but merely suggested the return of the emperor.

Prince Ching undertook to deliver the notes. The outcome is a matter of speculation, the doubtful element being the influence of Prince Tuan and Gen. Tung Fuh Slang, who may restrain the court.

Gen. Chaffee, discussing the probabilities today, said: "I do not believe that any European monarch would enter the camp of his allied enemies, and I doubt that the empress dowager will do so. It is generally conceded that the restoration of the Chinese government is essential. I have favored the withdrawal of the main allied force to Yang-tsun and Tientsin, leaving 2,000 mixed troops to guard the legations."

W. W. Rockhill will leave for Shanghai Sept. 24.

Prof. John E. Galtner Dead.

Columbus, O., Sept. 29.—Prof. John E. Galtner of Otterbein university died of heart failure at his home in Westerville, a suburb of Columbus, at 4 a. m. He had occupied the chair of Greek for thirty-eight years and was widely known. Prof. Galtner was born in Green Castle, Pa., Jan. 21, 1841. He leaves a widow and three daughters.

Body of Jane Corrigan Found.

Cleveland, O., Sept. 29.—The body of Jane Corrigan, the last victim of the yacht Idler disaster, has been recovered, being found on the beach a few miles east of the city. The yacht, which was owned by John & James Corrigan, the wealthy vessel-owners, foundered on Lake Erie during a heavy squall July 7 last. Six lives were lost.

A COPYRIGHT SUIT

That May Lead to the Establishment of
a Precedent in Law.

Chicago, Ill., Sept. 29.—Suit has been begun in the United States Circuit Court by the Daily Story Publishing company against the American Press Association for \$2,000 for alleged infringement of copyright. The plaintiff corporation is engaged in the business of syndicating copyrighted stories to metropolitan newspapers throughout the country. The claim is that the American Press Association clipped one of these copyrighted stories from the columns of a newspaper and sent it out in plate form to other papers. It is understood that the defendant does not deny clipping the story and sending it out, but claims that there is no legal cause of action because they clipped it from a paper which omitted to print the copyright line.

The case promises to raise for judicial decision some very interesting and important questions regarding the copyright law that have never been decided. The decisions on the copyright law so far as books are concerned are very definite and complete, but with regard to the application of the law to copyrighted matter printed in connection with other matters in papers and periodicals, there are several interesting questions to be settled.

The officers of the Daily Story Publishing company state this case is the first of a large number they intend to bring against newspaper publishers and others who have appropriated their copyrighted stories and to determine the question finally whether copyrighting a story protects the author or owner in the exclusive use of it. Among those against whom it is proposed to bring suit are the patrons of the American Press Association who used the plates of the copyrighted story alleged to have been sent out by that company.

THANKFUL TO MRS. PINKHAM

Letters Proving Positively that
there is No Medicine for Woman's
Ills Equal to Lydia E. Pinkham's
Vegetable Compound.

MRS. ANNIE THOMPSON

(ALL LETTERS ARE PUBLISHED BY SPECIAL PERMISSION.)

"I cannot say enough in regard to Lydia E. Pinkham's Vegetable Compound. It has done me more good than all the doctors. I have been troubled with female weakness in its worst form for about ten years. I had leucorrhoea and was so weak that I could not do my housework."

I also had falling of the womb and inflammation of the womb and ovaries, and at menstrual periods I suffered terribly. At times my back would ache very hard. I could not lift anything or do any heavy work; was not able to stand on my feet long at a time. My husband spent hundreds of dollars for doctors but they did me no good. My husband's sister wrote what the Vegetable Compound had done for her, and wanted me to try it, but I did not then think it would do me any good. After a time, I concluded to try it, and I can truly say it did all that is claimed for it. Ten bottles of the Vegetable Compound and seven packages of Sanative Wash have made a new woman of me. I have had no womb trouble since taking the fifth bottle. I weigh more than I have in years; can do all my own housework, sleep well, have a good appetite, and now feel that life is worth living. I owe all to Lydia E. Pinkham's Vegetable Compound. I feel that it has saved my life and would not be without it for anything. I am always glad to recommend it to all my sex, for I know if they will follow Mrs. Pinkham's directions, they will be cured."

Gratefully yours, Mrs. ANNIE THOMPSON, South Hot Springs, Ark.

CHANGE OF LIFE.

"I was taken sick five years ago with 'The Grippe,' and had a relapse and was given up by the doctor and my friends. Change of Life began to work on me. I flowed very badly until a year ago, then my stomach and lungs got so bad, I suffered terribly; the blood went up in my lungs and stomach, and I vomited it up. I could not eat scarcely anything. I cannot tell what I suffered with my head. My husband got me a bottle of Lydia E. Pinkham's Vegetable Compound, and before I had taken half of it I began to improve, and to-day I am another woman. Mrs. Pinkham's medicine has saved my life. I cannot praise it enough."

M. A. DENSON, Millport, N. Y.

PROFUSE PERIODS.

"I commenced taking Lydia E. Pinkham's Vegetable Compound about 3 months ago, and cannot express the wonderful good it has done me. Menstruations were so profuse as to leave me very weak for some time after. Was also troubled with leucorrhoea, tired feeling, bearing down sensation, pain across the back and thighs. I felt as though there was a heavy weight in my stomach all the time. I have taken two bottles of the medicine, and now have better health than I have had for four years."

Mrs. LIZZIE DICKSON HODGE, Avalon, Ohio.

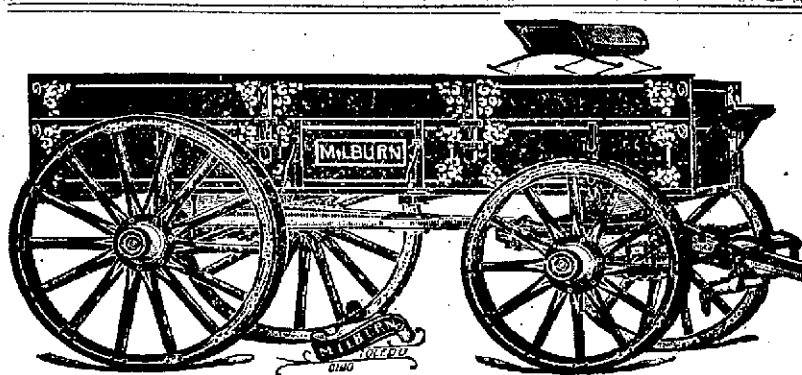

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. LYDIA E. PINKHAM MEDICINE CO.

GUIDE FOR RAILWAY EXCURSIONISTS

Cleanest in America.
The Lackawanna Railroad is the cleanest railroad in America. Even though it cared little for the comfort of its passengers, which it does, it probably would burn hard coal, for the reason that it owns the most extensive anthracite coal mines in Pennsylvania, and it is cheaper for it to burn hard coal, which makes no smoke, than soft. At any rate, there is no smoke from its locomotives. It is built for the most part through the mountains where rock is the material easiest of access, and its road-bed for that reason is rock ballasted. There is therefore, no dust. These two things are of unusual interest to the traveler by the line, for the reason that on no other road in the United States is there stronger incentive to keep one's eyes upon the passing scene. It is said of this line truthfully that every mile is picturesque. It traverses the agricultural region of Western New York, the valley region of Central New York, the mountain region of Pennsylvania and New Jersey, and every mile offers a view that is beautiful, interesting and entrancing. In point of comfort its passengers are particularly fortunate, for, in addition to there being no smoke or dust, the cars are roomy and scrupulously clean. Sleeping cars, parlor cars and dining cars offer all the conveniences and comforts of modern travel.
